IMMIGRATION

Law-makers Apparently Look With Favor On Mr. Koiner's Efforts.

MAY GET TEN THOUSAND

Commissioner Koiner Wishes This Amount to Be Used in Exploiting Resources.

Many of the legislators are expressing their approval of the immigration plan recently announced by the Department of Agriculture, and it seems likely that the appropriation of \$10,000 desired will be readly made when the plan is fully ex-

The objection that the immigration scheme will make Virginia the dumping ground for the "riff-raff" of Europe is still heard in some quarters, notwithstand-

ground for the "riff-raff" of Europe is still heard in some quarters, notwithstanding the repeated explanation that the entire system proposed is designed to prevent this very thing. Several members of the General Assembly have also expressed concern lest the agents to be sent to foreign lands should turn out to be men who seek the positions simply for the excitement of a trip abroad and who will devote little time to real service in the interests of the State. This objection also arises from a misunderstanding of the operation of the plan.

"The agents we will choose, if this immigration measure is adopted," said Commissioner Koiner yesterday, "will be capable and careful men, who are devoted to the best interests of the State and who will select wisely and well what class of foreigners shall be brought to Virginia. They will be Virginians who are thoroughly acquainted with the conditions here and will be men who are known and trusted by the farmers of the State. The gents will be chosen with the utmost here, and they will in turn exert themselves to see that the labor imported into Virginia to relieve the very grave sflutation here is only of character which we will welcome."

Letters are still pouring into the office

will welcome."

Letters are still pouring into the office
of the commissioner from farmers applylng for hands. The farmers seem to have Ing for hands. The farmers seem to have gotten the idea that the department has an army of laborers stored away in Richmond, ready for shipment in every direction, and each mall brings heaps of requests for from one to five men. This tremendous and growing demand speaks more eloquently than anything else of the needs of the Virginia farms, and when these facts are laid before the General these facts are laid before the General these facts are laid before the General Assembly, together with a clear explana-tion of the proposed plan, it is believed that the list objection will have been removed and that the bill will be adopted.

CRYING NEED FOR

and graded schools of the State; this and graded schools of the State; this need was expressed by the citizens of Virginia wherever the commission had the opportunity of conversing with them. * * The commission directed special investigation of the number of children attending the primary, the graded and the high schools, and we believe that not 59 per cent of the white children of the State receive any education beyond the grammar grades, even if a high school be in easy reach. We celleve that the State needs its most effective and efficient teachers to train this immature efficient teachers to train this immature efficient teachers to train this immature class during the formation period of character and habits. The commission class during the formation period of character and habits. The commission expresses with pecuaiar emphasis the opinion that no expenditure of money in the interest, of popular education will yield so large returns for the betterment of the Commonwealth as the money invested in the proper preparation of those who are to teach her sons and daughters. As far as the commission ascertained, there was unanimous approval of the action of the General Assembly, session 1992-3-4, which haugurated the movement looking to the establishment of greater facilities for normal training of females. It was found that females, and not males, were the teachers of fully 50 per cent, of all the public schools; that not less than 90 per cent, of the schools below the grade of high schools are taught by females; that the greater remuneration of professional, industrial and commercial life allures the males away from the teaching force of the State and that the children of males away from the teaching force of the State, and that the children of turned over to the poorly-equipped female teacher, "The State should supply this de-

Hurry worry

Hurry, like a cyclone, whirls you along at a rate that quickly exhausts your energy, and leaves you a nerveless, wretched, broken-down physical wreck.

Worry accomplishes the same results in another way. It drags you through the dark, gloomy tunnel of forbodings, wrecks your nerves and breaks

down the constitution. Then don't hurry; don't worry. But you will; and your nerveless, exhausted condition brings headaches, neuralgia, heart, stomach, liver and kidney troubles. The thing to do is: Strengthen the nerves

with Dr. Miles' Nervine. "Six months I was bedfast with nervous prostration. I had sinking spells a cold clamy feeling, couldn't stand the slightest noise. At times I would almost fly to pieces: stomach eery weak. My husband insisted on my taking Dr. Miles Nervine, and I began to improve before I had finished the first bottle, and to-day I am enirely cured."

MRS. JOSEPH SNYDER, 224 Hudson St., Tiffin, O.

Dr. Miles' Nervine is sold by your drugglat, who will guarantee that the first bettle will benefit. If it falls, he will refund your money.

mand and need for competent teachers to train her children into productive and law-ablding citizens.

"The commission believes that the wisest policy for the State to adopt is the establishment of a sufficient number of normal schools to supply cificient teachers, to be accessible to all sections, and to meet the health conditions of the State. The comcommission therefore, recommends the establishment of three more normal schools for white females and that they be so located as to meet the co-ditions herein set forth. In reaching this conclusion the commission has carefully considered accessibility, hyglene, climate, water and lighting, systems, sewerage, prevailing diseases, topography, cost of living, of fuel, and of building materials, the donations and sites offered. * * In contemplation of the establishment of the three normal schools herein recommended, the commission herein reports the last recorded note as expressive of its recommendation on the matter of location to with sive of its recommendation on matter of location, to wit; Radford, 10 votes.

Radford, 10 votes,
Harrisonburg, 6 votes,
Front Royal, 3 votes,
Manassas, 1 vote,
Fredericksburg, 5 votes,
Newport News, 5 votes,
"The vote for Radford expresses the

Newport News, 5 votes.

"The vote for Radford expresses the unanimous opinion of the commission that the St. Albans School property in Pulaski is the best location for a school in Southwest Virginia; the voters for Fredericksburg and Newport News expressed an equally divided opinion of the commission that these two cities are the best locations for Eastern and Tidewater presses its opinion on the location for the Northern and Valley section in the following votes, viz.: Six (6) for Harrisonburg; three (3) for Front Royal, and one (1) for Manassas.

"It is the sense of this commission that in the event the General Assembly should be of opinion that but one school should be located either at Radford, Harrisonburg, Front Royal, Newport News, Fredericksburg or Manassas, but the commission, in the view of the facts ascertained by its investigation, is of the unanimous opinion that it would be unwise, inexpedient and improper to establish but one school, and that the best interests of the State would be served by establishing a system of schools as hereinbefore recommended, and that any action on the subject should look to this end."

this end."

The report is signed by the entire commission as follows: Frank T. West, chairman; George B. Keszell, J. Boyd Sears, P. F. St. Clair, William P. Barksdale, George F. Ford, R. E. Lee, Jr., L. P. Stearnes, J. R. Stafford and R. S. B. Smith

WILL CAUSE FIGHT.

Normal School Matter to Stir Up Things in Legislature.

Indications already point to a warm fight over the normal school matter. The Norfolk members are preparing to make a contest for one of the three schools, and similar movements will come from other directions.

There is no better citizens than in this section and they have always been loyal to the Democratic party. They feel that their claim for one of the State institutions is based upon justice and right, and should receive proper consideration at the hands of the General Assembly.

High School Sustems

High School System.

A bill appropriating \$50,000 for the establishment and maintenance of a system of efficient district high schools, was offered in the Senate yesterday by Judge Mann, of Nottoway. This masure has the endorsement of the State Board of Education and will probably attract considerable attention. It reads in substance as follows:

Be it enacted by the General Assem-Be it enacted by the General Assembly of Virginia, That it shall be lawful for any district school board to establish and maintain a public high school at such place in the district as may be both most convenient for the pupils who attend and most conductive to the purposes of such school: provided, that the high school may be conducted either in a suitable building erected for that purpose, or may be conducted either in a suitable building erected for that purpose, or in the same building with one of the graded schools of the district; but no public funds shall be appropriated for high school puropses in any district until provision has been made to maintain the primary and grammar schools of that district for a term of at least five monits in each year.

Two or more adjacent districts may unite in establishing and maintaining a joint high school under the provisions of this act, and under such rules and regulations as may be prescribed by the State Board of Education; and the said board may also prescribe the

the said board may also prescribe the requirements for admission to such high school and the conditions on

ing in other districts may attend said high school.

The superintendent of any division in which such high school shall be established shall give due notice of the same to the State Board of Education, and before any State funds shall be appropriated for the support of such school, the said board shall cause the same to be inspected by a competent person, to see that suitable arrangements have been made to enable the school to conform to the standard prescribed by the State Board of Education for regularly organized public high schools in this Commonwealth; and when the district school board or district school boards shall appropri-Nortick members are preparing to make a contest for one of the three schools, and similar movements will come from other directions.

Will Please Both.

The expected bill, placing Norfolk and Newport News in separate congressional districts, was offered yesterday, and is evidently satisfactory to both sides, since the measure is the joint production of Senator Holt, of Newport News, and Senator Sale, of Norfolk. The changes are made to equalize the population of the districts affected by the bill. Newport News, Williamsburg and the counties of Elizabeth City, James City, York, Charles City and Warwick are taken from the Second District and added to the First. The other districts are unchanged. It is reported that the physicians-gand surgeons of the State will attempt at this Legislature to secure relief from the professional tax now imposed upon them. A bill upon this subject is now being drawn up.

Delegate E. W. Gaines, of Norfolk, was

Delegate E. W. Gaines, of Norfolk, was paired in the Friday night caucus on the Public Printer proposition with Delegate Withers, of Suffolk. Mr. Gaines would have voted for Hawkins and Mr. Withers would have voted for Bottoms. AT COUNTRY HOME BROOK BRIDGE MEET Street Church, Petersburg, In 1880 he was

Amberst Amherst.

The Funeral.

The Funeral.

His body will be conveyed through this city to Lynchburg, where members of his family lie. The funeral will take place at Court Street Methodist Church, Lynchburg, Tuesday morning at 11 o'clock.

Dr. Garland was in the active service of the church as presiding elder of the Portsmouth district up to the last meeting of the conference at Danville in November, when on account of falling health he asked for a superannuated relation. He was taken with a fainting spell while at the conference and has been failing since.

A few days ago he was attacked with pneumonia, which, with serious complications, brought his useful life to a speedy close.

A Pen Picture.
In the about and portraits of the

tractors to put men to work on the Sabbath day, no sessions will be held to-morrow. The installation of the furniture will be a great reflet to the members will have suffered much inconvenience through the delay. The handsome desks will also greatly improve the appearance of the two chambers.

A reception was held at the club house at the conclusion of the run, at which two chambers, the description of the social set was present.

Wirginia Conference, by the inimitable pen of Dr. John J. Lafferty, this introduction to a sketch of Dr. Garland appears: "Dr. Garland is wanting in nothing that makes are not conclusion of the run, at which a large number of the social set was present."

My Life a Sermon of Thankfulness

Says Rev. J. Stoddard, D. D., Great Pulpit Orator and Former Rector of the Church of the Holy Apostles, in gratefully acknowledging the debt

he owes to Duffy's Pure Malt Whiskey.

Impressive truths from the lips of this distinguished divine, who bids his ailing

brother be of good cheer and prophesies

that health, strength and the joy of

My Dear Brother:

Perry, N. Y., September 21, 1905.

"Yes, dear brother, it would give me lasting joy

to be at your bedside through these long and trying

days; to be able to minister to your physical wants.

and to lead your thoughts along paths profitable alike

to both of us. Alas! I cannot come to you; but I

am comforted in knowing that the lung trouble is leaving you, and that you are in good hands and have every care. Above all, that your doctors have found in Duffy's Pure Malt Whiskey the one medicine that is curing you. I am certain that this preparation will continue to build you up; that it will put you on your feet again, as well and strong as you used to be,

"You will remember the condition in which the closing months of last year found me. My voice was gone, I suffered from chronic bronchitis, I was weak in body and slow of mind. When hope had all but vanished, a dear old friend brought me Duffy's Pure Malt Whiskey. I took it according to directions-

a dessertspoonful three times a day. You know full

of mind and body. This and more I owe to Duffv's Pure Malt Whiskey, the purest and most effective

medicinal preparation nature has produced. I bid

"Yours with warmest good wishes,

"To-day I am strong, robust, healthy. My throat is completely cured, my voice restored. I am imbued with strength, energy and hope. My limbs have the elasticity of youth, and I possess the exalted powers

well what a cure was wrought in my case.

you then to take courage.

living will return to him:

greatly improve the appearance of the two chambers.

In the Senate yesterday Colonel Joseph Button, clerk of the body, delighted each senator with a gift of a hanssome pocket knife. The members were called to the desk and allowed to make their own selections. As usual, Colonel Button did not fall to remember the newspaper men, each of whom! received a knife.

Will Please Both.

The expected bill, placing Norfolk and Wouldn't Wear the Blue

a large number of the social set was present.

Mr. E. B. Sydnor, honorary huntsman of the Pocahontas blood in his veins. The interpolate of the Pocahontas blood in his veins. The upright bearing, the continence of words, are the croppings out of Indian trials. His manner is easy and quiet. He does not aspire to the chief place in conversation. He is never guilty of monologue in company, with or without finds sever, are pithy, and some turns of subtle

men who in their day and goneration were the foremost of our follow-citzens; leaders in deed in banking, commercial and social circles. In the historic cometery which surrounds old St. John's Church there is a monument erected to the first of his name in Virginia, It is of simple granite and on it is carved only an open hund. This tells the story of his life-a life full of charity and good deeds to his follows. It is an epitaph which speaks not, yet speaks forever. This is the history of these people; telling always of generous and high-minded lives.

Mr. Enders-the last of his race-like his father, the late Jud. Enders, was one of the best known men of his class in the city. His distinguishing characteristic was his unfaltering loyalty to his friends—slow to form them, yet when once made they lasted forever. In the social circle he was a consmanding figure at every gathering. His brilliant conversational powers made him the center of every grathering. His brilliant conversational powers made him the center of every group, and his warm heart brought to him friends upon who he could always rely. Quiet and unobtrusive in manner and gentia of speech, he view with his fathers in honesty and hisgarts of char-

rely. Quiet and unobtrusive in manner and gentle of speech, he view with his fathers in honesty and integrity of character. The changes and vicissitudes of fortune brought no murmurings into his life, left no reproaches on his lips and no bitterness in his heart.

Other men have lived and died in this city, who may have been more distinguished, but none have died more tenderly cherished by his friends.

Funeral of Mrs. Taylor.
